

JWAT-Tools v0.5.4 (2012-11-07)

Released as : JWAT-Tools v0.5.4-SNAPSHOT

Changes:

- Added reusable ArchiveParser, changed some stuff to work with GUI.
- Almost complete parallelized CDX'er.
- Refactoring for use with JWAT-Tools GUI.
- Forgot to add env.cmd and some other files.
- Added support for different URI profiles.
- Changed the output from 2 to 3 files.
- Forgot to add the actual EntityResolver.
- Working entityresolver cache for xml validator.
- Moved some files around.
