JIRA

The SBForge issuetracker
A nice place to start is the Become a JIRA Ninja.

See Atlassian JIRA for further details.

For information on new features and possibilities in JIRA, checkout the JIRA blog.

Integration

• Eclipse: Atlassian Eclipse Connector
• IDEA: Atlassian IntelliJ Connector
• Maven: Maven changes plugin
• Confluence: Use the provided JIRA macros to embed JIRA content
• Jenkins: Use the JIRA plugin to attach issues to a build.

Extensions

Plugins

The following plugins have been added to JIRA:

• GreenHopper
• Hudson integration
• Time Sheet

Activated functionality

The following included functionality has been activated

• Fisheye integration: View of source code changes related to a issue in the 'Source' tab at the bottom of issue page. See Viewing an Issue's FishEye Changesets for details.
• Crucible integration. View of reviews related to a issue in the 'Source' tab at the bottom of issue page. See Viewing an Issue's FishEye Changesets for details.
