

# JWAT-Tools v0.5.2 (2012-08-13)

## Changes:

- Updated to include the latest diagnosis types.
- Also checks that diagnosis information is present instead of generating an exception trying to print it.
- Trivial change caused by JWAT API change.
- Sync'ed with latest snapshot release.
- Updated to latest JWAT snapshot.
- NPEs no longer occur with invalid version blocks.
